CLEANERS AND POLISHERS

Safely removes road film, grime, algae, scum, lime deposits, water line stains, oxidation, and brightens bare aluminum. Works just like the traditional aluminum cleaner and brightener (Hydrofluoric Acid Brightener) WITHOUT the negative hazards associated with that product.

13	6700052	ALUMINUM BRIGHTENER & CLEANER 1-GALLON
----	---------	--

Removes black streaks that have set deep into the paint finish over time on campers, trailers and other equipment. After using the black streak remover, you can apply Ultra Guard product to protect the finish and stop streaks from setting in again.

14	6700050	BLACK STREAK REMOVER 1-GALLON
----	---------	-------------------------------

Use Streak Master Ultra Guard as Wet Wash or Dry Wash. Dilute Ultra Guard to the desired dilution for any given job. Spray directly to the surface to be cleaned and wipe away grime and stains. With a dry towel, lightly buff to a brilliant clean and shine.

DON'T Be A Target!

BRAHMA

IF YOU LOVE IT LOCK IT

- Patented Design
- Proven Effective
- Easy Installation
- Flat Storage
- Peace of Mind
- Simply The Best

The Brahma Wheel Lock's patented fold up design allows it to be stored flat (2 inches) on a cargo floor, wall, behind or under a seat. To install, simply follow the steps at right.

BRAHMA WHEEL LOCK

- 8200408
- 8200484
- 8200485

1. Place the components near the wheel as shown in the picture above.

2. Swing and lock the hooks into position.

3. Slide the hooks over the wheel and insert the wheel nut cover.

4. Insert the telescoping hook and snap the lock into the nearest hole.

5. You may now leave your vehicle in the security that only a patented Brahma lock can give you.
